# *2009 Kentucky Annual Long-Term Care Services Report*

*January 1 through December 31, 2009*

*Published June 2010*

**Cabinet for Health and Family Services  
Office of Health Policy**

# **2009 Kentucky Annual Long-Term Care Report**

## **Introduction**

The Office of Health Policy announces the release of the 2009 Kentucky Annual Long-Term Care Report. This office is responsible for the utilization data collection and reporting required by 902 KAR 20:008 (rev. 10-15-03) and in support of the State Health Plan 900 KAR 5:020.

This report covers the period from January 1, 2009 to December 31, 2009. The files received from the Office of Inspector General (OIG), contained 391 Long Term Care Facilities. Correspondence or surveys were received from all licensed facilities. The number of facilities has decreased from 404 Long Term Care Facilities in 2008. The number of Nursing Facility (NF) beds increased from 26,275 in 2008 to 26,333 in 2009.

The 2009 overall occupancy rate for NF beds was 90.21%, a decrease of .49% from the 90.70% occupancy rate in 2008. This decrease continues the reversal of a two year trend in the upward direction, after the downward trend that began in 1995 and continued through 2004, with the exception of 1999. The highest occupancy rate was 95.00% for the survey year 1995 and the lowest was 89.35% in the 2004 reporting year. The total net change from 1996 to 2007 was a decrease of 4.14% for NF beds.

The ending census, or the number of NF beds occupied December 31, 2009, was 23,570 compared to 23,541 occupied beds on December 31, 2008. The increased number of beds were occupied for 44,892 fewer patient days in 2009 than in 2008 (8,685,044 patient days in 2008 compared to 8,640,152 patient days in 2009).

## **Payor Source for 2009**

The 2009 Payor Source, Section 2, for total patient days as reported by nursing facilities shows the following distribution: The total number of reimbursed days for nursing facilities was 8,640,152 days or 44,892 fewer than 2008. Medicare paid days decreased by 23,088 days from the 2008 report. Medicaid paid days were 20,018 fewer than the previous report year.

**\*NOTE:** When checking ending census for the previous year and the beginning census for the current year, there may be discrepancies in the numbers. When possible, a note was included in Section VII to explain this.

## **Definitions**

**Long-Term Care:** A facility licensed by the state through the Office of the Inspector General (OIG) providing one or more of the following levels of care:

**Nursing Facility (NF)** - Long-term care facilities, formerly skilled nursing, nursing home, or intermediate care facilities prior to October 1, 1990, which meet the Omnibus Budget Reconciliation Act of 1987 (OBRA 87) nursing home reform requirements. Nursing facilities must be certified to participate in the **Medicare program in order to be certified for participation in Medicaid**, with the exception of those who have obtained a Medicaid nursing requirement waiver.

**Nursing Home (NH)** - Establishments with permanent facilities that include inpatient beds, and with medical services including continuous nursing service; that provide treatment for patients who require inpatient care but do not currently require continuous hospital services.

**Intermediate Care (IC)** - Establishments with permanent facilities and health related services for patients who do not require the degree of care and treatment which a hospital or skilled nursing facility is designed to provide, but who, because of their mental or physical condition, require care and services (above the level of room and board) which can be made available to them only through institutional facilities on an inpatient basis.

**Alzheimer's Facility (ALZ)** - A long-term care facility constructed and operated pursuant to KRS.216B.071 that provides care to residents with a primary diagnosis of Alzheimer's disease or related disorders.

**Intermediate Care Facility for the Mentally Retarded (ICF/MR)** - A facility licensed by the state through the Division of Licensing and Regulation to provide care for the mentally retarded and developmentally disabled.

**Personal Care Facility (PC)** – Establishments with permanent facilities including resident beds. Services provided include continuous supervision of residents, basic health and health-related services, personal care services, residential care services and social and recreational activities. (902 KAR 20:036)

**Total Patient Days:** The total days of patient care provided by the facility for the year based on its capacity. It is calculated by summing the daily patient census for each day in the reporting period.

**Days in Period:** 2009 had 365 days.

**Licensed Beds:** The number and type of beds for which the facility has been licensed at the end of the reporting period.

**Percent Occupancy:** Total days divided by potential patient days.

**Potential Patient Days:** Number of licensed beds multiplied by the number of days in the reporting period, adjusted to reflect changes in licensed beds during the reporting period. Example: 100 licensed beds X 365 (days in 2006) equals 36,500 potential days. This figure is not shown in the report but used to calculate occupancy percentages.

**Reporting Period:** January 1, 2009 to December 31, 2009

This report now becomes the most recent official data on Long Term Care services utilization published by the Cabinet for Health Services. For additional copies of this report, please submit a request in writing along with a check in the amount of \$20 made payable to the Kentucky State Treasurer to:

## Table of Contents

Introduction – Table of Contents .....	i- vi
Data Analysis – Occupancy Rates .....	vii - x
Long Term Care Facilities Map .....	xi
 Section I – Census Data	
Includes number of licensed beds, beginning census, admissions, discharges, ending census, total patient days and occupancy percentage for each bed type.	
Licensed Nursing Facility Beds by Area Development District .....	1
Licensed Nursing Facility Beds.....	2-28
Licensed Personal Care Beds by Area Development District.....	29
Licensed Personal Care Bed.....	30-51
Licensed Nursing Home Beds .....	52-56
Licensed Intermediate Care Beds .....	57-58
Licensed Alzheimer’s Facility Beds .....	59
Licensed ICF/MR Facilities .....	60-61
 Section II – Payor Source Data	
Includes primary payor source data in number of patient days for each bed type.	
Licensed Nursing Facility Beds.....	62-80
Licensed Personal Care Beds .....	81-92
Licensed Nursing Home Beds .....	93-95
Licensed Intermediate Care Beds .....	96
Licensed Alzheimer’s Facility Beds .....	97
Licensed ICF/MR Facilities .....	98
 Section III – Patient Age Distribution Data	
Includes the ages of patients residing in each facility on December 31, 2009.	
Licensed Nursing Facility Beds.....	99-128
Licensed Personal Care Beds .....	129-149
Licensed Nursing Home Beds .....	150-154
Licensed Intermediate Care Beds .....	155-156
Licensed Alzheimer’s Facility Beds .....	157
Licensed ICF/MR Facilities .....	158-159

#### Section IV – Patient Death Distribution Data

Includes the ages of patient deaths in each facility during 2009.

Licensed Nursing Facility Beds.....	160-189
Licensed Personal Care Beds .....	190-210
Licensed Nursing Home Beds .....	211-214
Licensed Intermediate Care Beds .....	215-216
Licensed Alzheimer's Facility Beds .....	217
Licensed ICF/MR Facilities .....	218-219
 Section V – Nursing Facility by ADD .....	 220-237
 Section VI – Patient Origin Data.....	 238-347
 Section VII – Notes.....	 348-351

## **Data Analysis - Occupancy Rates**

The following tables and graphs present statistics from the Kentucky Annual Long – Term Care reports from 1996 to 2009. In the published reports for 1996 and 1997, the data was reported in Medicaid Managed Care Partnership Regions (MCPR) rather than in Area Development Districts (ADDs). The survey data were recalculated using the ADDs so that linear comparison could be made. A map of the ADDs is included at the end of this section.

Hospital discharge data for 2009 shows a total of 392,224 Kentucky residents who were age 41 and older were discharged from Kentucky hospitals for all DRGs. Of the 220,343 females discharged, 32,102 or 14.6% were discharged to skilled or intermediate care beds. Males discharged to skilled or intermediate care beds accounted for 9.7% (16,637) of the total 171,878 males discharged from hospitals in 2009.

The occupancy rate for licensed NF beds has decreased over the past eleven years by 3.34% from 93.55% in 1998 to 90.21% in 2009. The following chart shows the decrease in occupancy with a continuous decline from 1998 through 2004 with increase in from 2004 until 2006 and 2008, followed by declines in 2007 and again in 2009. In 2009, the occupancy rate showed a slight decrease by 0.49%. The occupancy rate in the following table shows data for each year by ADD. From 2008 to 2009, occupancy fell in all but four of the ADDs. An attached chart shows a graphical interpretation of the data.

The number of licensed Nursing Home (NH) beds increased from 411 in 2009 to 417 NH beds in 2009, with an decrease in number of patient days from 136,717 in 2008 to 131,736 days in 2009. Similar to patient days, the occupancy rate for NH beds decreased from 89.71% in 2008 to 86.6% in 2009.

Further data on the occupancy rates by bed type are presented on the following charts and table.

Printed with state funds.

# **Net Change in Occupancy in Nursing Facility Beds Over a 11 Year Period (1998 - 2009)**
